

AUSTRALIAN GREENS RESOLUTION

Tibet

Adopted November 2011

Principles

That the Australian Greens recognise the rights of the Tibetan peoples over their traditional homelands and their rights to self determination including cultural and spiritual expression. We recognise their elected representatives. Further we condemn the plundering of Tibet's natural resources and destruction of Tibetan cultures by the Chinese Government. This Conference calls on the government of China to end the repression in Tibet and heed the call of the Tibetans for restoration of their rights and freedom.
